### 2017 Camp Programs

### 2017 Camp Programs

The FBCC CDC Day Camp participants are generally away from the school facility at lunchtime. Therefore, parents are responsible for providing a lunch for their child, each day. \*\*\* The lunch should be packed in a disposable container (plastic or paper bag) and labeled with the child's first and last name. Perishable and/or frozen foods should not be packed due to lack of refrigeration. If a child should lose his/her lunch, it should be brought to the attention of one of the camp leaders and arrangements will be made for lunch that day. The FBCC CDC Day Camp staff will provide a morning and afternoon snack for the children. Children will be encouraged by staff and parents to eat the lunch prepared for them and not to share. All unused, open food will be discarded after lunch, and unopened foods will be returned at the end of the day.

### \*\*\* CDC Nut-Free Policy

FBCC CDC is aware of the tremendous risk children and adults who are allergic to nuts can face from even the smallest taste of peanut butter or a piece of nut, consequences that may be life threatening and require immediate intervention with medication, hospitalization or even life support. In an effort to eliminate the possibility of such an occurrence the FBCC CDC is a **NUT FREE ZONE**.

To this end, the following guidelines are implemented with your assistance and adherence.

1. Please do not allow your child to bring nut related food items into the school.
2. Please keep this policy in mind when on occasion, you are asked to plan, pack and provide your child's food for the day in conjunction with a special event on or off the school campus. We ask that no foods containing nuts or nut products be brought into the school or to an off campus event of the school under any circumstances.
3. We ask that when supplying food items for special events that you use the FBCC CDC **no nut policy** as a guide in your selections of contributions.

Your understanding and support in helping us in making the FBCC CDC a “**NUT FREE ZONE**” is greatly appreciated. The FBCC CDC continues to work toward an inclusive environment that supports and acknowledges the right of each person to be fully included in all activities that are offered by the school.
